

VOTSCH 7018 CLIMATE TEST CHAMBER (WEISS TECHNIK)

Seasonal differences, different climatic zones – the products must be able to withstand a variety of temperatures during manufacturing, transport, storage and use. The Climate Test Chamber VC³ 7018 helps you to test the influence of temperature and humidity on the properties, function and lifespan of your products. It performs reliable, precise and reproducible measurement results.

Technical Characteristics

- Temperature range from -72 to 180°C
- Temperature-changing rate at cooling and heating of 3 and 4 K/min, respectively
- Environmentally-friendly isolation
- Steam-proof design thanks to mechanically welded seams
- Processing of the test room with low content of silicone
- Optimised airflow and temperature distribution
- Performance-optimised tempering technology and patented climate system
